Friday, March 30th, 2018

Dear Friends,

We invite you, our global family, to experience a special Easter talk, entitled, "The Week That Changed The World" by bible scholar, Madelon Maupin, at Third Church of Christ, Scientist, in New York City.

Is a 2000+ year old story relevant to an age of nuclear threats and nation-state saber rattling? How did Christ Jesus challenge the prejudices of his time to forever alter the freedom of mankind? Christ Jesus declared, "I came not to send peace, but a sword" (Matt. 10:34). This man of unspeakable love that knew no gender, age, racial or ethnic biases was nonetheless ready to bring a sword to whatever would limit, imprison or undermine anyone. Our special Easter talk given by Madelon Maupin will delve into this remarkable story and its place in our lives today.

Our special Easter talk will take place on Friday, March 30th, at Third Church of Christ, Scientist, NYC, located at 583 Park Avenue at 63rd Street. Join us for festive organ music at 6:45pm, followed by musical performers at 7:00pm. Madelon's talk will begin at 7:30pm.

It will be broadcast live in English and we will provide a live simultaneous Spanish translation for the Spanish-speaking audience.

We hope to spend this special time with you in person at 583 Park Avenue, where childcare will be provided for those too young to join in the festivities.

Additionally, we invite those who cannot attend in person to watch online at ThirdChurchNYC.com or listen via conference phone call at (310) 372-7549, access code 607611.

You can also add yourself to the Facebook event page: <https://www.facebook.com/events/344128059431043/>

We look forward to seeing you!

Meet Our Speaker, Madelon Maupin!

Madelon Maupin is a dedicated Christian Scientist and spiritual thinker who has traveled worldwide sharing her love of the Bible. She has devoted her life work to unwrapping the history, politics, and culture of the books of the Bible that lead listeners to their own spiritual alignment with a fuller understanding. She does this by providing Bible study resources, including online course and workbooks. She also tours extensively giving talks on the Bible through her organization, BibleRoads.

Madelon's training includes a Masters Degree from San Francisco Theological Seminary. She serves on the Board of Trustees for Adventure Unlimited, a Christian Science Youth organization, the New Theological Seminary of the West in Southern California, the Southern California Faith and Order Commission, and she is a member of the national ecumenical team of The First Church of Christ, Scientist in Boston, MA.

Madelon Maupin combines a strong business career of 35+ years with a great love for biblical principles. She has written over 70 articles on spirituality, including 35 articles for the Christian Science Journal and Sentinel, with the goal of helping people uncover and apply biblical guidelines to today's challenges.
