The law of harmony and Christian Science healing

"Everyone has the right to feel God's healing power and to be free from any limitations on health, happiness and well-being."

Josh with friend in Kenya (photo by Darci Niles)

Josh will talk about how harmony is actually a constant and consistent law of God and how Mary Baker Eddy's discovery of these divine laws, which have been in operation throughout all time, can be brought to bear in any circumstance through holy inspired prayer. Christ Jesus mapped the way for all mankind to better understand God and feel His undiminished love, which leads to harmony and healing. Josh will share examples of healing through Christian Science from his own life to help illustrate that everyone can experience the kind of harmony and healing that Jesus pointed to in his ministry

Everyone is welcome!
