## **How to Prepare for this Workshop**

In preparation for our time together, please complete the following assignment and come ready to share:

1. Look up the definition of the word “nurse” in dictionaries and in synonym finders. Explore its noun and verb forms as well as its origin.
2. Choose at least three individuals in the Bible who seem to you to represent exemplary nursing qualities and actions, especially in relation to the definitions and synonyms you found.
3. Think about a time when you had an opportunity to express these nursing qualities and how your presence helped to uplift the situation.
4. Read the By-Law “Christian Science Nurse” (Art. VIII, SECT. 31) in the *Manual of The Mother Church*.

Our thanks to Tina Bilhorn, Director of Tenacre's Christian Science School of Nursing, for supporting the Houston Visiting Christian Science Nurse Service, Inc. by bringing this Tenacre-designed interactive workshop to Houston.

Tina lovingly conducts this workshop all across the country.  
We are grateful her schedule allows us this precious opportunity.

In *The First Church of Christ, Scientist, and Miscellany*, Mary Baker Eddy wrote: “...each Rule and By-law in this Manual will increase the spirituality of him who obeys it, invigorate his capacity to heal the sick, to comfort such as mourn, and to awaken the sinner.”
